

Friday 1st October 2021

Dear Parent/Carer,

KS4 Information Evening Invitation

I am writing to invite you to the KS4 information evening. There will be two separate KS4 Information evenings (one for each of the two sites).

- The KS4 Information evening for parents of **Year 10** students based at the **Grosvenor Road** site will take place on **Monday 11th October at 5:00pm**.
- The KS4 Information evening for parents of **Year 10** students based at the **Upton Lane** site will take place on **Tuesday 12th October at 5:00pm**

There will be lots of important information given at this evening including a timeline of the two years leading up to the GCSE exams, expectations of homework and private study, advice, and guidance for parents as well as opportunities to ask questions. The evening will end at approximately 6pm. Parents should only attend one evening. This information evening is for parents /carers only as we have limited spacing in the hall, however, there will be some limited space for children for those who may have childcare issues on that evening.

Attendance at school events such as this one and at parent's evenings is very important; we have found that there is a clear link between student outcomes and parents being informed and engaged.

I look forward to seeing you at one of the information evenings.

Yours sincerely,

Mr Jarvis
Assistant Headteacher
